

# ANNUAL SERMON TO OLD SOLDIERS

Pastor Daniel Delivers Stirring  
and Eloquent Talk to  
Veterans.

## CONFEDERATES SIT TOGETHER

Daughters Assembled and Large  
Crowd Does Homage to  
Thinning Ranks.

The remaining few of the old Confederate rank and file still left to remind their children of the heroism of themselves and their dead comrades, assembled in full force last night in First Baptist Church to hear the annual sermon, which was eloquently preached by Rev. George W. McDaniel.

The scene was one of a peculiar and all-pervading sentiment, touched as it was with the charm of old romance and the thought of what is yet before. On the one hand were seated the gray-headed warriors of the Confederate struggle, reminding one of a beautiful and pathetic past, and on the other the younger generation, the sons and daughters of these former soldiers, reminding one of the glory of the past. Special music had been arranged. Captain P. W. Cunningham sang his beautiful solo, "Dream Faces," his resonant voice sounding through the whole church, and the choir rendered some beautiful old hymns, and the congregation singing "Onward Christian Soldiers," and "Stand up for Jesus."

Mr. McDaniel preached a touching and eloquent sermon, one that thrilled the old soldiers anew and brought the tears to their eyes, and reminding to the others of the glory of the past. Special music had been arranged. Captain P. W. Cunningham sang his beautiful solo, "Dream Faces," his resonant voice sounding through the whole church, and the choir rendered some beautiful old hymns, and the congregation singing "Onward Christian Soldiers," and "Stand up for Jesus."

Mr. McDaniel took his text from the twenty-first chapter of the First Book of Kings, second verse: "God forbid that I should give thee the inheritance of my father." It was a reference to the covenant of David, which the king desired and for which he had offered a price. But Nabob would not dispose of his heritage, and steadily refused to give it up. But he was finally killed and his heritors disposed of the father's lands. So, the speaker showed, was it with him. He wished to speak on these words and proclaim himself as forever unwilling to give up the priceless heritage of glory and fame and honor bequeathed to him by his fathers. He welcomed the old gray-headed warriors of the South, and their praise, recalling many tender reminiscences of the valorous deeds in defense of their homes and their loyalty to a time honored principle. In eloquent terms he spoke of the examples of heroism and loyalty left to posterity by the old soldiers, and of the glory of the South, her homebodies, with their tender family ties, and their loyal women.

Recalling the manner in which history has dealt with the war, he said that he would not have the feelings of his Northern friends, but that history has done credit to the Federal soldiers and their fame is the common heritage of us all. But the soldiers of the Confederacy had been less fortunate, and their history had not been told, nor the story of their deeds, their suffering and the principle for which they fought. He said that the South, the virtue of her cause and the courage of her men.

Then the speaker went on to speak of the courage with which the heroes of the South had met the surrender of their hopes and set their faces toward their future. But a country without a rule is a country without history, and a full legacy of this, with its stories of valor and bravery, had been left to the people of to-day. So, continuing his remarks, the speaker came to the announcement of the fact that this is an age of peace, and that the gospel of expediency, but that he would preach the gospel of truth.

With his closing words he addressed himself to the old soldiers, most of whom must soon hear the last retreat sounded, and he spoke for them the words of the Christ and the gospel and the faith which will save them from the defeat of an earthly life.

**Church Needs Young Men.**  
Dr. McDaniel delivered a powerful sermon yesterday morning, his theme being the young men of the present day. He laid particular emphasis upon the necessity of putting the young men to work in the church and in the cause of Christianity, and he logically and forcefully argued that the young men were the salvation of the country, and that the nation would lean for support.

## HARBOR NOT EVIL AND THE SECRET SIN

Mr. Long Tells His Hearers in  
Academy to Drop Evil  
Habits.

"Drop it" was the subject of an interesting talk to young men at the Academy of Music yesterday afternoon by Mr. S. A. Long, of Dayton, Ohio. The speaker referred by his subject to the things and habits of life that all men should drop as they would the stinging viper that finds its life and nourishment in the human body. To the evil-thinking of men as well as to their deeds of darkness he made reference, that they should be dropped and their former place given to those things that make for the better and purer life which brings with it the cheer and joy of an everlasting faith. In thinking, he said, makes men cowardly, for their thoughts cannot be given to the world as those of righteousness, and men are ashamed of them and seek to hide them, fearing to be known as harborers of evil thoughts. And men should cure the ugly face, ugly because of the frown of anger or dissatisfaction, or a feeling of malice. When the features of the face, it may be made beautiful by a kindly disposition, by a look of cheer, and the expression of spiritual faith, which makes all men beautiful.

The speaker referred, too, to the hypo-

## TOUCHING SERMON. Mr. McDaniel Preached a Touching and Eloquent Sermon, One that Thrilled the Old Soldiers Anew and Brought the Tears to their Eyes, and Reminding to the Others of the Glory of the Past.

## SUNDAY-SCHOOL WORK INCREASES

The Reports of Baptist Sunday  
School Association Show  
Much Improvement.

The monthly meeting of the Baptist Sunday School Association was held yesterday afternoon in the Grace Street Baptist Church, with Mr. A. L. Phillips, president, presiding. The reports of the various schools were read, showing a wonderful increase in the number of scholars. The report on attendance was shown, and a statement that of December, 1904, a statement that of December, 1904, a statement that of December, 1904.

The speaker showed, was it with him. He wished to speak on these words and proclaim himself as forever unwilling to give up the priceless heritage of glory and fame and honor bequeathed to him by his fathers. He welcomed the old gray-headed warriors of the South, and their praise, recalling many tender reminiscences of the valorous deeds in defense of their homes and their loyalty to a time honored principle.

## ST. PAUL'S SERVICES.

Rev. Mr. Forsyth Uses Neither  
Notes Nor Pulpit.

The Rev. Mr. Forsyth, at St. Paul's Church last evening, preached from the text, "All things are yours, and ye are Christ's, and Christ is God's."—I. Corinthians, III. He referred to the cosmopolitan character of the people of Corinth and spoke of how their various nations and tongues must have appealed to the many-sided St. Paul, who he said, "I have always been four classes of men in matters religious: the conservatives, whom he thought fairly represented by St. John; the liberals, represented by St. Peter; the conservative liberals, typified by Apollos, and the liberal conservatives, of whom St. Paul is the type. There have always been and always will be religious differences among men. One says he is of Paul, another of Apollos, another of Peter, or who is Apollos, but the minister of God? Paul planteth, Apollos watereth, and God giveth the increase, and man is God's by creation, by redemption. The Christian is the child of God and an inheritor of the kingdom of heaven, and as such has all things; if he be but Christ's, in the sense of obedience to God."

He has the world at his feet—this wonderful world of ours—and has life eternal. If he will, he may hold in the promise of God and live as becomes the heir to salvation.

Mr. Forsyth showed his readiness and fluency as a public speaker by eschewing the use of the pulpit and standing simply on the choir dais, preaching without a desk before him and without notes in his very easy manner and graceful of posture. He is a decidedly pleasing speaker.

The choir attempted no new music at the evening service, but sang well, as usual. When Professor Reinhardt gets the fine new organ which is promised him, he will have an instrumental accompaniment which will be difficult to surpass anywhere, and will therefore be heard to the best advantage always.

At the morning service yesterday Mr. Forsyth preached from the text: "Behold the signs of God, which take away the sins of the world," and spoke learnedly and powerfully of the "one perfect oblation and satisfaction."

The attendance on the morning service was unusually large. That in the evening, on account probably of the weather, was small.
